This fan pack DLC pack includes: NEW LEVELS in the game, 4 new enemy types, a new weapon and outfit for the Spectre, 3 new hidden extras and DLC-exclusive outfits and weapons We added the new Warden's outfit and weapon to the Blacklist DLC. The Blacklist DLC 2 Pack is available now on Xbox Live and PlayStation Network. About Sam Fisher The Splinter Cell series is an action-adventure game series, created and designed by Ubisoft Montreal. The series is set in a dystopian, secretive future where governmental organizations around the world manage to fight for control over global affairs using their own secret agencies. After being betrayed by the government he once swore allegiance to, the character of Special Agent Sam Fisher is forced to leave the service. He has no option but to assume the alias of the legendary, modern-day Robin Hood, the legendary 'Splinter Cell'. Features: Brilliant Graphics – A revolutionary approach to graphics and gameplay, delivering a seamless storytelling experience in which the player discovers the story through each mission as well as through the game's cutscenes. Split-Second Missions – The game environment is a living and unpredictable jungle of twists and turns with stealth, shooting, and puzzle game mechanics all seamlessly mixed together. Optimized Game Play – Players can choose from 3 different operative modes: Stealth, Marksman and Assault. Each mode features its own approach to gameplay that adapts to the player's style of play. Unparalleled Tactical Freedom – Thanks to the game's unique and innovative art style, players can freely manipulate their environment to progress further, from dismantling or planting traps to stalking their
